

# Snorkel Cruises Maldives

*Come to paradise with us!*

The archipelago of the Maldives welcomes its visitors with sparkling white sandy beaches, turquoise lagoons and an impressive underwater biodiversity. What one generally imagines as paradise is here within reach. Anyone who has been here will always come back.

Already during the landing approach, there is a picturesque sight when the first atolls and islands appear below us like "fried eggs". Especially the endless number of reefs with its small and large inhabitants attract enthusiastic snorkelers and divers here. The Maldives are among the top spots in the underwater world and also one of the safest travel destinations in the world.

With so many options, should you choose just one island? And if so, for which? This is a question that many ask themselves when they travel to the Maldives for the first time.

With us, this decision is made easy for you, because you will get to know many islands, reefs and sandbanks on your journey. Come on board and experience with us a unique cruise through different atolls. However, you only have to unpack your suitcase once!

In the Maldives you feel carefree, as if time has stood still.

Visit colorful fishing villages with us and get an idea of the everyday life of the islanders. Traditional ship building, acrobatic coconut harvesting or an insight into the school are particularly interesting points. Try local delicacies such as breadfruit chips or the "badhiya", spicy dumplings filled with tuna, which are a must at any "tea time".

What is particularly fascinating, however, is a look beneath the surface of the water. Already in the shallow reef zones of the islands you will discover a multitude of corals and colorful schooling fish. It feels like you are in a huge aquarium where you are not an outside observer, but right in the middle! You will observe turtles and rays in their natural environment and also meet little Nemo. Schools of dolphins often accompany our ship and demonstrate their amazingly powerful swimming skills.

Even the giants of the sea, manta rays and whale sharks are highlights of our tours and their "hotspots" are visited regularly. The Maldives are among the best spots in the world to snorkel with the gentle giants. For divers there is also the possibility to visit beautifully overgrown shipwrecks or deeper reef formations.

# 7 Nights onboard MV MISRAAB

This cruise starts and ends in Male and takes you on a journey through 3 atolls.

The ship, which was only built in 2021, has 4 air-conditioned double cabins and, with a total occupancy of only 8-12 people, is particularly suitable for those who like to travel in small groups and individually. The tour is accompanied by an English-speaking guide and takes place on selected dates throughout the year. The best time to visit the Maldives is from September to April as this is the dry season and the weather is sunny and calm.

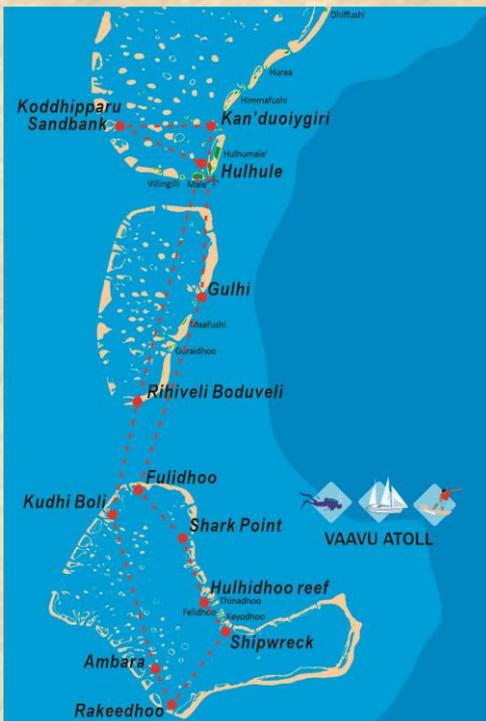

The ship has a large sun deck with sun loungers, a saloon with bar & TV and a covered seating area where meals are taken. This tour can be booked with full board, airport transfer and all taxes from €990 per person/double cabin.

The MV Misraab is also perfect for group tours and is available for charter as a whole.

In addition to visits to sandbanks and islands, all our tours also include a weekly beach BBQ, which is always a special experience for our guests. Another highlight of the Maldives is particularly noticeable from the beach: the impressive starry sky at night. Due to the very low light sources, you will experience a firmament here that cannot be found in Europe, even in remote regions. Thousands and thousands of stars make every hobby astronomer's heart beat faster.

Combine your cruises with a stay at one of the many beautiful resorts. There you can end your DREAM HOLIDAY MALDIVES with many water sports, exquisite cuisine and relaxing spa treatments.

# 7/14 Nights onboard MV YASAWA PRINCESS

These beautiful cruises will take you with the 14-day variant through 5 atolls from/to Male, or as a 7-day trip on 4 different routes to the best spots of Male, Ari or Baa Atolls.

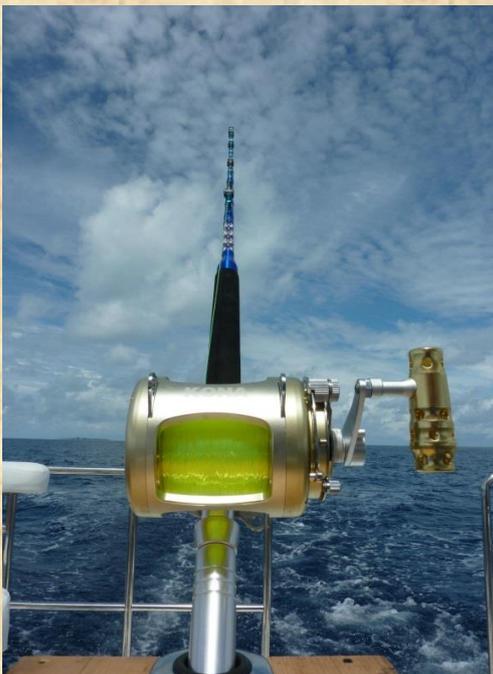

The modern ship has 28 cabins on 3 decks and offers plenty of space to relax and enjoy. In the spacious salon with bar you will enjoy delicious dishes, such as wonderfully freshly grilled fish. The team of the MV Yasawa Princess is always present and will be happy to fulfill all your wishes during the varied itinerary. Beach BBQ, night snorkeling or whale shark spotting are just a few items on the program.

There is also a fully equipped dive center on board where beginners and professionals alike are very welcome. Trial dives and diving courses are available on request. The onboard language is English. Bookable with full board or an "all inclusive" variant. The ship sails weekly throughout the year.

For all passionate anglers, the MV Yasawa Princess also offers the experience of deep sea fishing. From the ship's escort boat, you can try your luck with professional equipment and helpful tips from our experienced crew. Mackerel, tuna and bonito are often caught. Our kitchen team will be happy to prepare the fish for you. You might get the catch of your life!

Visit us in the Maldives and experience the beauty of this archipelago up close.

*WELCOME ON BOARD!*
